

# What is New York Sea Grant?

*Bringing Science to the Shore since 1971*

New York Sea Grant (NYSG) is a statewide network of integrated research, education and extension services promoting coastal community economic vitality, environmental sustainability and citizen awareness about the State's marine and Great Lakes resources.

## Research, Extension & Outreach with Impact

NYSG uses input from stakeholders and the research community to advance state-of-the-art research and coastal management for the benefit of New York's varied coastal environments and communities.

### Sea Grant works on cutting edge topics in:

- Healthy Coastal Ecosystems
- Sustainable NY Fisheries, Aquaculture and Seafood Businesses
- Resilient NY Communities and Economies
- Environmental Literacy and Workforce Development in NY

## Partnerships

New York Sea Grant's coastal research, extension, and education programs span across New York State:

NYSG has over

**900**

partners

NYSG collaborates across

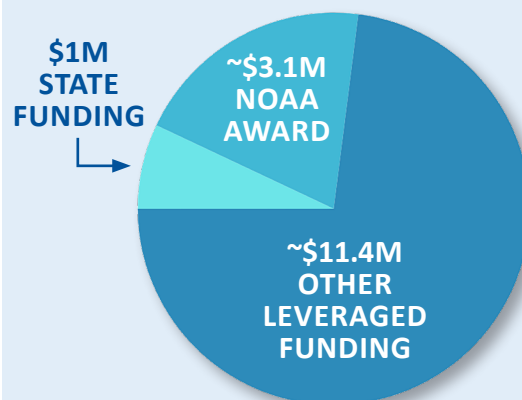

**3**

U.S. regions

- NORTHEAST
- GREAT LAKES
- MID-ATLANTIC

## Current Funding

NYSG is a federal/state matching funds program

Since 1971, NYSG managed a portfolio of **\$207.9M** for research, extension, and education

2024-25 funding is approximately **\$15.5M**  
NYSG leveraged **5x** of the core NOAA award

## NYSG From Campus to Coast

NYSG is one of

**34**

university-based Sea Grant programs in the U.S

Since 1971

**824**

graduate students were supported for advanced degrees

NYSG supports

**37**

innovative university-based research projects

Approximately

**20M**

live in NY State

NY State has

**2,625**

miles of coastline

In NY State

**81%**

of population live near coastlines

Source: NOAA Office of Coastal Management.

New York Sea Grant is part of a nationwide network of 34 university-based programs working with coastal communities through the National Oceanic and Atmospheric Administration (NOAA). Sea Grant Research, Extension, and Education programs promote better understanding, conservation, and use of America's coastal resources. NYSG is a collaborative program of the State University of New York, Cornell University, and NOAA.
