

Gamefish

You came across a school of small fish feasting on zooplankton. You were busy investigating a new deep hole you found, so you arrived late. Because you're a fast swimmer you were able to catch 3 small fish.

Take the food bag of the small fish that you caught.

Gamefish

You came across a school of small fish feasting on zooplankton. You were a bit late in joining the hunt, and as a result you caught 2 small fish – not bad for a snack.

Take the food bags of the small fish that you caught.

Small Fish

You came across a swarm of zooplankton feeding on phytoplankton in an algal bloom. While you were trying to feed on the zooplankton, the algae irritated your gills.

You have died and are washed ashore.

Gamefish

You came across a school of small fish feasting on zooplankton. You were very stealthy in your hunt, and as a result you were successful at catching 4 of them for your afternoon meal.

Take the food bags of the small fish that you caught.

Small Fish

You came across a swarm of zooplankton feeding on phytoplankton in an algal bloom. You feast on the zooplankton, eating 4 in one dive through the swarm.

Take the food bags of the zooplankton that you caught.

Osprey

While hunting, you saw a group of gamefish chasing a school of fish. You were successful at catching two of them for your afternoon meal.

Take the food bag of the gamefish that you caught.

Small Fish

You came across a swarm of zooplankton feeding on phytoplankton in an algal bloom. You have just finished eating a few small baitfish near the lily pads, so you aren't very hungry. You eat only 1 of the zooplankton.

Take the food bag of the zooplankton that you caught

Small Fish

You came across a swarm of zooplankton feeding on phytoplankton in an algal bloom. You are able to catch a couple (2) of zooplankton.

Take the food bags of the zooplankton that you caught.

Zooplankton

You came across an algal bloom filled with phytoplankton and it's a feeding frenzy! You only have limited time to graze before the current causes the bloom to dissipate. Grab everything that you can to get those needed nutrients!

Place the phytoplankton that you find in your food bag.
