Event Details

Hurricane Sandy Symposium

Start Date: 4/10/2013 **Start Time:** 1:00 PM**End Date:** 4/10/2013 **End Time:** 4:00 PM

Event Description

This symposium will continue the discussion between academic and local communities of Long Island on the impacts of natural disasters, like Hurricane Sandy. We seek to examine issues such as the post-storm impacts (what have we learned), hazard preparation and avoidance, what can be expected in future events, and some of the political and legal issues central to the discussion. The format will include talks from distinguished guest speakers and an open discussion from a panel forum. *Sponsored by the Sustainability Studies Program, School of Marine and Atmospheric Sciences, Department of Geosciences, and the Provost Lecture Series.*

Guest speakers and panel include:

Malcolm Bowman, Distinguished Service Professor, SoMAS

Steven Englebright, Lecturer, Sustainability Studies

Charles Flagg, Research Professor, SoMAS

Ann Siders, Associate Director, & Fellow, Center for Climate Change Law

Michael White, Counsel at Anthony E Core, PC, former director of the LI Regional Planning Council
